A BIBLIOGRAPHY OF PLANETARY GEOLOGY
PRINCIPAL INVESTIGATORS AND THEIR ASSOCIATES, 1979-1980

A compilation of selected bibliographic data specifically relating to recent publications (May 1979 through May 1980) submitted by principal investigators and their associates, supported through NASA's Office of Space Science, Planetary Division, Planetary Geology Program.

Serves as a companion piece to NASA TM 81776, "Reports of Planetary Geology Programs, 1979-1980," NASA, Washington, DC, January 1980.

GENERAL INTEREST TOPICS
